Merton Williams Middle School Fundraiser

“Clean Water for Puerto Rico”

Student Name: ___________________________________________  Team ____________

Order Forms Due back to School: ________________

We are raising money to buy water filters that will be shipped to Puerto Rico for survivors to get clean water. We are selling two different water bottles. The black gripper water bottle costs $7 and the clear flip top water bottle costs $5 per bottle (tax included). Cash or checks accepted. Please make checks payable to Merton Williams Middle School. Donations will also be accepted.

Black Gripper
Water Bottle – $7

Clear Flip Top
Water Bottle – $5

Dear Parents,

Our district is dedicated to creating students that are caring individuals. One way to achieve this goal is to get every student involved in community service. Through the Ugandan Water Project, students will be selling water bottles to raise money for the victims in Puerto Rico caused by the damage from Hurricane Maria.

Many of us think that the worst is over for the people of Puerto Rico after they were struck by Hurricane Maria. But the truth is that the residents of this island have a long road ahead of them on their way back to normalcy. The biggest need on the island right now is access to safe water. That’s where our community service steps in. We will raise money to buy water filters that will be shipped to Puerto Rico for survivors to get clean water.

Students will be selling water bottles for $5 apiece. On the back of this newsletter is the order form. Please collect money upfront. Make checks payable to Merton Williams Middle School. Donations will also be accepted.

Sincerely,

Service Learning Team
