Cobra Paracord Braided Bracelet

Supplies you will need:
about 12 feet of 550 paracord
a Paracord buckle.

Attach the Paracord to the to the buckles like in the picture below. Then measure it on your wrist to make sure your Parachute cord bracelet will be the right size.

Bring the first piece of Paracord across the center of the bracelet. Note, This will be the center color of the bracelet, and continue the Paracord Bracelet Instructions.

Now take the other piece of paracord, and bring it over the top of the first piece, around the backside, and up through the hole made by the first piece of paracord. Then pull the Paracord braid tight evenly.
Now continue the paracord bracelet instructions, bring the first piece of Paracord across the front, lay the second piece of Paracord over the top of the first piece, around the back of the Paracord Bracelet, and bring it up through the hole made by the first piece of Paracord.

Continue braiding the Paracord, until you reach the other buckle following these instructions, Bring the first piece of Paracord across, and wrap the second piece of Paracord over the top of the first piece, then around the back of the Paracord Bracelet, and bring it up through the hole made by the first piece of Paracord.

Your Paracord Bracelet is almost complete, just cut the ends, and melt them with a lighter. If you have a Paracord Needle, run the ends back into the weave, then cut and melt. Your Paracord Bracelet should look like the picture below.
