Log in to your OverDrive Marketplace account to get information about your school’s circulation, top titles and more.

Quick Circulation Numbers
1. In the blue menu bar, go to Insights > Reports and select School Statistics.
2. Set any start and end dates you want, then click View Report.

Popular Titles
1. In the blue menu bar, go to Insights > Reports and click Most viewed titles.
2. The default report period is the last 30 days. To change this, click Run a new report and enter your preferred dates.
Sora Usage Data

1. In the blue menu bar, go to Insights > Sora activity.
2. Click in the Branch field and select your school (you can also select your district if you want that data).
3. Fill out start and end dates for the period you want; no end date is necessary if you want statistics up through today.
4. Click Apply Filters to see your data. (Note: If the numbers don’t look right to you, remember that when we first rolled Sora out, some circulations were being reported at the district level rather than the school level.)

5. Graphs include:
   - Total books opened
   - Total time read
   - Number of achievements (badges)
   - Average time per session
   - Average time per book.
